I swear that I have seen that look in your eye before
Cause I can feel you
The way you are caressing my body out on the floor
Is so familiar
You know how to touch and owe me
Kiss and control me you are my soul mate
I wanna get closer to you
Even though I don't know who you are
You stole my heart
I feel like I know you in another life
I swear ha ti know you I t feels like I know you
In another life we were probably so in love
And never get enough of each other in another life

Cause I feel the connection I felt the day I met you it's
coming from
Another life
Another life

I swear that I have seen that look in your eye before
Cause I can feel you
The way you are caressing my body out on the floor
Is so familiar
You know how to touch and owe me
Kiss and control me you are my soul mate
I wanna get closer to you
Even though I don't know who you are
You stole my heart
