If you mad and you hatin' mother fucker please kill it

You know Neptunes is hot like skilletts
Your ego's scared then nigga please go heal it
That tight ass fitted cap the dogs will peel it
Long as the Bronx still got me and New York still feel it
For the jump off, jump off niggas best to kill 'em
Ay yo Gunz you change let's make it rain you conceited

Naw still got a 9 girl and Peter still eatin'

I'm just another nigga from the hood in the car
Six double zero bikes double the R
See them dogs draped in red cover the bar
See them cowards be in the club trouble we are
I smoke no drugs just Henney no chase
Foot on the throttle with models giving me face
Like Oochie Wally Wally she gave me lolly lolly
Now you wanna polly polly holla if you hear me y'all

And I'm still pushin records & not sex appeal

Hardest workin bitch in the entire industry
FUCK THE HATERS!! Ya'll need to take a look at me
I'm 10 years strong, count em 10 years long
Can't nobody stop my hunger, people love my songs
