CHORUS

She's not really good-looking
She's really not that hot
Sometimes she can be nasty
Yeah, but, most importantly she's not.

Not the type of girl I wanna marry
Not the type of girl I wanna carry
Through life and it's rough times
Something about her
Everytime I see her
I want to slap her
Is that good or is that bad?

CHORUS

She's not really good-looking
She's really not that hot
And sometimes she can be nasty
Yeah, but, most importantly she's not

Not the type that would catch my attention
Not the type of girl I wanna mention
To all my friend's and brag about her
Talk about her
Go on about her
I'm sorry but, it's not gonna happen
With this particular girl.

CHORUS

She's not really good-looking
She's really not that hot
Sometimes she can be nasty
Yeah, but, most importantly she's not.

Not someone that I would wanna
Go back home to
Every single day
Not someone that I would wanna
Hold in my arms and tell her 'it's ok'
Don't wanna hang around her
Just wanna live my life without her

Everything is fine
The way it's been.

CHORUS

She's not really good-looking
She's really not that hot
Sometimes she can be nasty
Yeah, but, most importantly she's not

She's not really good-looking
She's really not so hot
But sometimes she can be so sweet
Yeah, but, most importantly she's not
The one
She's not the one for me
She's not
