"Listening Man"

Tell me something away from trouble
and away from doubting
Tell me straight from the spirit,
from the top of the mountain
Let love be the reason
between me and you
As real as the morning
as fresh as the dew
If fates got a hold
then it's up to you
It's a simple thing
we've got to do

Just a listening man
Try to understand
Just a listening man
Doing the best I can

Tell me something before I stumble
and show my weakness
Tell me right on the limewire
fighting for progress
I can hear there's a sound
that's coming through
There's a post in the ground
so what we gonna do?
You can have all your dreams
if you really believe in something that's...

something true

Just a listening man
Try to understand
Just a listening man
Doing the best I can

Just a listening man
Try to understand
Just a listening man
Getting carried through this land

Tell me something without any lies
that cover my feelings
Give me time now I understand
these lessons have meaning
Let love be the reason
between me and you
As real as the morning
as fresh as the dew
If fates got a hold
then it's up to you
It's a simple things
we've go to do

Just a listening man
Try to understand
Just a listening man
Doing the best I can

Just a listening man
Try to understand
Just a listening man
Getting carried through this land
