### "Sacral Mass"

Black brand of shame  
Fiery spit of the scorn  
Blasphemous human desecrated  
Incensed his Sable Majesty

Lord of Light, Lucifer  
Awful is thy look in fury  
Punish all of the renegades  
In the name of our eternal cult

Begin the sacred ritual  
Our Supreme Deity awakes  
In horrible tortures  
Die profaned apostates

Breathing with the wrath  
Strike the White Hordes  
Nail the bleeding christians  
To the perverted cross

Open Sacral Mass  
Cast thy evil spells
