VERSE 1

I, I dusted off
Off this shoulder
All the shit they said and more

Sure, it's a bet, but not for long
I feel this freight train
Pushing strong

Blown by this wind that's come
Their faces burning from
A bad decision they made
Now this novel sound
Has slipped away, away

CHORUS

Take aim
We're never gonna need them
Take aim
And fire it out
Take aim
We'll conquer this mission
Take aim
And shoot them down

Take aim and let them know

VERSE 2

Go listen to what's been done
This downward spiral has begun
Torn by the color green

We keep fighting for the dream
Pull back from what you can
Then try to understand
There's no melody here
Just another image in the mirror
Is it clear

CHORUS

Take aim
We're never gonna need them

Take aim
And fire it out
Take aim
We'll conquer this mission
Take aim
And shoot them down

Take aim and let them know

BRIDGE
Gonna let them know

Take aim, take aim, take aim, take aim

CHORUS
Take aim
We're never gonna need them
Take aim
And fire it out
Take aim
We'll conquer this mission
Take aim
And shoot them down
Take aim
Take aim and let them know
