Below zero
I should have tried
But it was no use
I am one of the lonely
No one speaks to me
I am me... myself... the one and only
I looked the door and threw away the key
Trapped in a room full of nothing
Where it's getting hard to breathe
Confronted with my anger
I seeked harmony
But i'm starring in disbelief
... staring
Maybe it's just me
Maybe i'm the one to blame
But since it happened
I never felt the same
You said something
You better shouldn't have said
You should have looked
In my face instead
Reject... respect
Reject... respect
I can't remember
The last time i have cried
But it hurts to see you gave me up
Before you've even tried
I should have swallowed
I should have spit
I should have thrown it up
But i choked on it
Reject... respect
Reject... respect
I can't remember
The last time i have cried
But it hurts to see you gave me up
Before you've even tried
I should have swallowed
I should have spit
I should have thrown it up
But i choked on it!
