Pride yourself
Open minded... that what you say
Just fashion styled spirits
Altering the straight edge way
You're just like those
Who you try to stand apart
Ignorant... but mighty brave
No matter how stupid you misbehave
Brother against brother
That's the way it is
No how things should be
Unity!
I don't suit you
Well just let me be
I never called myself straight edge
I never called myself straight edge
Don't need a movement to be me
I know where i'm from
I know to whom i can belong
One thing... you fail to see
You don't even know me
Brother against brother
That's the way it is
Not how things should be
Unity!!
