Without a second thought
I would choose the path i am now walking on
Without any doubts or regrets
I think this is the place where i belong
Times have changed and so have i
So why should i give in before iÂ´ve even tried
And so

Another page is turned in the filthy book of
entertainment
As nobody learns a simple thing
And open minds only enforce restraint
So iÂ´ll do whatÂ´'s right for me
Even if for you itÂ´'s wrong
So much for the reason that iÂ´ll still be here...
A) ...when youÂ´re gone
B) ...when youÂ´re longtime gone

And now itÂ´'s time
To set the record straight
To see how i can rely on all the people that surround
To figure out if itÂ´'s a new beginning
Or only the same old story with just a different sound?

BLABLABLAAAAHHHHHHHHHHHH!!!!!!!!!!!!!!!!!!!!!!
