Would you walk to the edge of the ocean  
Just to fill my jar with sand  
Just in case I get the notion to let it run through my  
hand  
Let it run through my hand

Well, I don't want the whole world, the sun and moon  
and all their light  
I just want to be the only girl,  
You love all your life, you love all your life

Would you catch a couple thousand fireflies, yeah,  
Put them in a lamp to light my world all dressed up in  
tux  
and bow tie and delivered to a lonely girl, to lonely,  
lonely girl

Well, I don't want the whole world, the sun and moon  
and all their light  
I just want to be the only girl,  
You love all your life, You love all your life

Lately I've been writing desperate love songs,  
and mostly singing them to the wall  
You could be the centerpiece of my obsession  
If you would notice me at all

Well, I don't want the whole world, the sun and moon  
and all their life  
I just want to be the only girl,  
You love all your life, You love all your life  
You love all your life, life, yeah
