I sit alone and I wonder why
I ever let you go
Now I know it's just my foolish pride
Can't let my feeling show
Since you've gone, you know the sun don't shine
Baby don't leave me lonely
You know you're all the world to me
I need you so

Looking back on hows it used to be
I never thought it could change
But now it seems to be a mystery
That I can't explain

I was there by your side
Don't you care I'm left all alone
Now you're gone I'm in misery
I want you to know

Can't believe I carry on
Lived a lie, all hope is gone
How was I supposed to know
You're not coming back

I never knew there was such lonely nights
You know I never knew pain
But like a knife that cuts me to the bone
Still my love stays the same

Lie awake, all I see is you
You have left an empty space
Just a shadow just where you used to be
I still see your face

Can't believe I carry on
Lived a lie, all hope is gone
How was I supposed to know
You're not coming back

My heart turns to stone
I don't think I can go on alone

How long can I carry on
Facing the night on my own
Can't you see what you've done to me
Trapped in a life on my own

Can't believe I carry on
Lived a lie, all hope is gone
How was I supposed to know
You're not coming back - no

Can't believe I carry on
Lived a lie, all hope is gone
How was I supposed to know
You're not coming back - no

Can't believe I carry on
No...
How was I supposed to know
