"Want"

I don't want to get things better, I don't want to play
Your game
I don't want to feel unreal, I don't want to know your
Name
I just want to feel alive, I just want to face the sea
I just want to cross the line, I just really want to be

Leaving home, my private front, sleep alone, we crawl
Beyond
The empty road to wonderland, the ferryboat will sink
my
Friend

I don't want to seal the sense, I don't want to kiss the
Bride
I don't want to lose your war, I don't want to sleep
Tonight
I just want to count the stars, I just want to scratch
The sky
I just want to hang around, I just really want to die
