Ryzarector, Madman, uh, uhh, yo, uhh

I move through the third world, my third eye's the guiding light

Invite the fight, we all die tonight

The life I lived, a 25 to life bid

Parole reneged, I stroll the globe fugitive

CREAM is short, C-cypher power stalk plus the fiend talk

Three G's accost in Supreme Court

White lies and blackmail land me back in jail

We're all for sale, a stolen gold but it fail

Stranded on the front line, I shine to the dumb and blind

It comes time I take back what was once mine

Crunch time in the first quarter, from the worst slaughter

Devil's poison in the birth water

The earth daughter rest her head on my chest  
Through the struggle we cuddle under half-moon crest  
While the press plant fear and exploit the gun blatin  
Central broadcasting is shackling, nerves are  
unfastened, shhhh  
Trapped in deep-water gaspin  
I Clash With the Titans from my half on the action

Verse Two: RZA

I stop producers careers, the weak spot was their ears  
Scorpion darts hits their mark, pierce their heart with  
silver spears  
You're bewil
