Yo, yo, yo

From the heart of medina to the head of fort greene

Now-y-cnow i see everything

Niggas who sling, shaolin cats throw inside a bing

Bobby digital got the golden seal sting

Rhyme star, i write a hundred thousand dollar bar

My pinstripe comma deletes your power bar

Dr. octopus tentacles, same as different song

Bob digital instrumental, nothing's indentitcal

You biter, non-writer, mr. potato head or ida

Deep-fried crinkle cut, one nickel cup fucked your
whole lp up

Project killa hill be the buckest

Smoke blunts drink bud light beer wit buzz lightyear

Wet from here to infinity for them white hair

Mista pitiful, your whole shrap stack is dispicable

Undernourished, your shit cannot flourish

Cherish every moment of his love before you perish

Bitch, chicka chicka chich, watch me switch

Lookin for a bird, i can hitch, into your atmosphere

Take your pussy out like a pap smear

Make you smile, at the same time crack a tear

Smack ya rear, vagina saliva, trojan wear, rough rider

Up inside ya, dick applehead, opens up your clit wider

Taste the apple cider, you become strong, then
become a ?prider?

(bobby bobby bobby, digi digi digi)

Stuck to your ass like a victoria's secret wedgie

Heart of medina to the head of fort greene

Now-y-cnow i see everything

Niggas who sling, shaolin cats thrown inside the bing
