I stayed up all night long
Drinkin' and thinkin' 'bout you
Is there anything left at all
Is there anything that I can do

'Cause I don't know what to say anymore
I don't know how to even the score with you, with you

Starin' hard at that big front door
Is it time now to find my shoes
It ain't the loss of love no more
I'm just tryin' hard to live with you

'Cause I don't know what to say anymore
And I don't know how to even the score with you, with
you
With you, with you

'Cause I don't know what to say anymore
And I don't know how to even the score with you, oh,
with you
Is love a question, who's weak, who's strong
I can't see it, where's a compromise
It's so confusin' where this thing has gone
It's gotta stop, you've gotta realize

'Cause I don't know what to say anymore
And I don't know how to even the score with you, oh,
with you
Yes, with you, oh, with you

'Cause I don't know what to say anymore
And I don't know how to even the score with you, oh,
with you
Yes, with you, oh, with you

I don't know what to say anymore
And I don't know how to even the score with you, oh,
with you
Yes, with you, oh, with you
