Here within these castle walls
My love is still with you
Watching all the lands below
These stones are always true

Oooo don't give it away no no no no
Oooo don't give it away no no no no no no no no

Caught inside this rising tide
Of the drifting desert sand
Sky grows mean, it's full of fire
It's thunder has demands

Oooo don't give it away no no no no
Oooo don't give it away no no no no no no no no

Trapped within these castle walls
My heart is still with you
Looking over all below
Your words are coming true

Oooo don't give it away no no no no
Oooo don't give it away no no no no no no no no

As the walls begin to fall
It's not my kingdom anymore
It belongs to me but I, I belong to her

She looks through me when she pleases
Breaks me in a million pieces

As the rain begins to fall
I hear the knocking at the door
She belongs to me but I, I belong to her
She looks through me when she pleases
Breaks me in a million pieces

Oh oh I'm the glass king
Oh oh I'm the glass king
Oh oh I'm the glass king
Oh oh I'm the glass king
