It's a lovely night, it's a lovely night
Well, the sky is clear and the stars are bright
It's a lovely night

I'll go lookin' for the fallin' rain
Keep on movin', keep on playin' that game
Well, let's go lookin' for the fallin' rain

It's a lovely night
(It's a lovely night)
It's a lovely night
(It's a lovely night)

Well, the sky is clear
And the stars, they are bright
It's a lovely night
(It's a lovely night)

I'll go lookin' for the fallin' rain
Keep on movin', keep on playin' that game
Let's go lookin' for the fallin' rain
On this lovely night, this lovely night
On this lovely night

On this lovely night, this lovely night
On this lovely night

Wo ho ho ho, this lovely night
Wo ho ho ho, this lovely night
Wo ho ho ho, this lovely night
Wo ho ho ho, this lovely night
