"People In The Valley"

Some came down to hang out by the river
Others were waiting to find the night
We stood long just waiting for the picture
Looking at people to see what was right

Soon came the people
From over in the valley
Hundreds of them walking
Towards us in the rain
Then we turned around
And hid out in the alley
Met along the stones
Down Tomorrow Day Lane

Take away the road and no one will remember
How many journeys we hedged in the stone
Friends around will take away the wonder
Sharing a moment of being alone
Soon came the people
From over in the valley
Hundreds of them walking
Towards us in the rain
And we turned around
And hid out in the alley
Met along the stones
Down Tomorrow Day Lane
