Caroline is falling in and out of love
Try'n' to get those things that she's been thinkin' of
She can't be what she wants to be
Though she never really tries

She's a liar
She's a liar
But I might try her tonight
And if things go right

Caroline is calling everyone in town
First she calls them friends and then she puts them
down
She can't be what she wants to be
Though she never really tries

She's a liar
She's a liar
But I might try her tonight
And if things go right
She can't be what she wants to be
Though she never really tries

She's a liar
She's a liar
But I might try her tonight
And if things go right

Wo, she's a liar (She's a liar)
She's a liar (She's a liar)
She's a liar (She's a liar)
She's a liar (She's a liar)
She's a liar (She's a liar)
