Gotta admit that I love it
The way you hang on every word I say
And no matter what you do in the end
You're gonna do it my way
Yeah I say that I listen
And I swear that I'd never lie to you
But honestly, it's just an inconvenience
And that's the truth

And you'll find me
At the top it's nothing new
But what did you expect,
Did you expect me to remember all the people that
helped me?
I probably even trod on you
You don't make it by making friends
But now I've got all the power
It's about me me me, and yeah,
F*ck you

Woahs
I just can't get enough
Woahs
I'm just so out of touch
'Cos my request is your demand
And you won't question me 'cos I'm the man
Woahs
I just can't get enough
Get enough

I got all the money
And in my book that makes me better than you
I'll raise spoilt little daughters and sons who think
They're better than you
Now don't get me wrong (don't get me wrong)
When I speak to you (when I speak to you)
It's not mutual respect
Some people say that I'm a pr*ck but they're just
Jealous

Chorus

Do you think I care about you?
No
Do you think I care about you?
No
Do you think I care about you?
F*ck No
