Give me your attention
This is an intervention
What the hell, are we thinking?
Have we all gone berserk
Were on high alert
Another bullet has brought a life down
To the ground
Can't we just stop this now?

It's all just bang bang bang shoot first and ask later
I think I'm the chosen one
There's no talking, no thinking
I'm gonna shoot you all with this gun
It's not a game and, it's not fiction
There's really something wrong
It's not right but, I'm not having fun
I'm gonna shoot you with this gun and blow you away,
hey hey hey

The headlines read another dead
Someone shot up a school again
Now what the hell is wrong?
It's been going on way too long
And it keeps getting worse, every day
The violence has gone global get the vaccination right
away

This violence
Has gotta end
This violence
Has gotta end
This violence
Has gotta end
It's got to end

Don't throw it all away
Don't throw it all away
Don't throw it all away

Don't throw it away...
