(prepare for nuclear attack)

Dropped from enola, a city erased, threat of the future
displayed

A power unheard of a power unseen
Flash out of nowhere, the sky is burning

At 8:16 am tokyo control realized something was wrong
Reports of explosions, destruction and pain
Air raid from hell city gone in a blaze

August in black, b-29's turning back.

(prepare for nuclear attack)

Warned but did not heed

(prepare for nuclear attack)

Extermination

(strike back)

Chose not to believe

(another nuclear attack)

From the southeast came the second attack, threat of
tomorrow unveiled

11:02 on the 9th of august

Over the valley, like ball lightning

The bomb detonates and the land turns to waste,
barren for decades to come

The factories burning, the steelworks destroyed
Surrender your war else you'll perish in flames

Second attack, b-29's turning back.

(prepare for nuclear attack)

Warned but did not heed

(prepare for nuclear attack)

Extermination

(strike back)

Chose not to believe

(another nuclear attack)

August in black, b-29's turning back.

Another (nuclear attack)
Warned but did not heed
(prepare for nuclear attack)
Extermination
(strike back)
Chose not to believe
(another nuclear attack)

Warned but did not heed
(prepare for nuclear attack)
Extermination
(strike back)
Chose not to believe
(another nuclear attack)

(a nuclear attack)
