Hear the rolling sound of thunder
As the battle rages on
We will tear this world us under
Feel our power

Through a darkened sky we riding
Pierce the night with bolts of light

We will find you although you are hiding
Under cover

We will break through with

Thunder and fire
Realising an unholy
Hellborn, desire
We are out of control
To conquer this world

From a world you broken into
From a world unknown to man
We release our wrath upon you
Holy bloodshed

Breaking chains of your religion
Worship none or be destroyed
You cannot defeat our legion
Bleed the world red
We will break through with

Thunder and fire
Realising an unholy
Hellborn, desire
We are out of control
To conquer this world

Lightning bolts of anger
Raging in your world
We uphold the darkness
Rulers of the moonlight

As you think its over

Calm has settled in
Thundergods returning
Back to rule this planet again

Future role of generations
Let us rage into this world
They'll be trusting our patience
Run for cover
Hear the rolling sound of thunder
As the battle rages on
We will tear this world us under
Feel our power
