## "We Burn"

I've had a vision, its clear to me now  
I know what has to be done  
Different religions cannot share a land  
A plague and I have the cure

Chase them down, let them suffer in pain  
Dig them down, they'll be gone for a while  
Evidence lost

We burn, plunder and rape  
Show them no mercy, just burn  
Flesh turn to ash

Inspired by deeds that were done long ago  
I know what has to be done  
Filth of my land must be washed clean and pure  
Now let the cleansing begin

Genocide?  
Who will drag me to court?  
There's no crime if you do not get caught  
I am the law, we burn

Privates, sergeants and generals hear  
It's our chance we've been waiting too long  
Your orders are to start to burn
