

Little Nemo

"Fear in Colour"

Visit "[Fear in Colour](#)" on MotoLyrics.com

The fair wheel is on the start
Inside your heart
Make sure your eyes are open wide
It's such a ride
Welcome to this side of the gate
Where chains are broken
Expect to meet your animal friends
May doors burst open !

Painted faces betraying strong emotions
Distorted time echoing slow actions
Fear in colour
It goes on spinning round
My heart beats faster
This world is melting down

The turquoise sky is filled with lights
and shinny flies
The rubber houses move in time
Along wavy lines
A crowd of shimmering ladybirds
Crawl in the sand
From far away a voice is heard
Take my hand
