Yeah
oooo
Yeah

Everybody, somebody, everyone is special you know
So different and so unique and individual
You know it, now show it, be what you feel in your heart.
Believe it your perfect just the way you are.

chorus

You just got to b-you and nobody else,
Your the original and you do it so well
Your the star, its your world, everything that you do,
so remember to b-yourself, cuz you got to b-you

Your pretty, couragous, you got the power inside,
your ready, strong enough for anything at anytime
You know you just be true
you got a style only your own
don't be shy
Its time to let yourself show

chorus 2x

You just got to b-you and nobody else,
Your the original and you do it so well
Your the star, its your world, everything that you do,
so remember to b-yourself, cuz you got to b-you

When you know who you are, nothing seems to hard
Oh nothing can stand in your way, you both are
beautiful
Let the whole world know, let everyone know your
Yeah yeah yeah

Get to b-you you you you you

x2

You just got to b-you and nobody else,
Your the original and you do it so well
Your the star, its your world
everything that you do

so remember to be yourself
cuz you gotta be you
