[Verse 1:]

It's time, gotta start it up
With my new attitude
I can do anything
Anything I wanna do
I'm getting ready for the big time
Cause it's what I'm waiting for
It's only the beginning now
And there's so much more
Strength inside, I've arrived

[Chorus:]

You know I'm just getting started
Looking at the real me
I'm just getting started
And I like what I see
And it's all about believing
Give it all that I've got
You know I'm just getting started
And I really don't have to stop

[Verse 2:]

Dancing how I wanna dance
Shouting if I wanna shout
Got a DJ playing my jam
And I'm singing to the crowd
There's nothing stopping me
I know I can be the best
I'm just getting going now
And it never has to end
Let me hear everybody scream

[Chorus:]

Just getting started
Yeah, it's just getting good
I'm just getting started
Like I always knew I could, yeah
And it's only getting better
Got it all going on
You know I'm just getting started
I really don't have to stop

[Bridge:]

Everything that I've been waiting for
Everything I want and so much more
And you know I've only just begun
Rocking my song

[Chorus:]

Just getting started
Yeah, it's just getting good
I'm just getting started
Like I always knew I could, yeah
And it's only getting better
Got it all going on
You know I'm just getting started
I really don't have to stop
