don't be lazy go talk to her,
she's been waiting for you to
say hello to her face, she
doesn't want a mystery, she
needs a true man to treat her right
so come on get up, wake up
so come on, don't make me say it
again, just wake up and be yourself
show her who you really are, cuz man
she wants somebody who will wake up
and take care of her the right way
make it a mission that will become
possible, to win her heart, be extra
strong, right through her eyes is a
sad soul who wants someone to take
her away
so come on get up, wake up, hey oh oh
repeat chorus 2x
reconnect the dots, redo the question,
come up with a new solution to the
problem you shouldn't hide inside
so come on get up, wake up 4x
repeat chorus 2x
so come on get up, wake up, say hey
