Maybe I will go and jump ship
'Cuz I can swim there better on my own
And maybe I will build my house of brick
And lock the dorr 'cuz I'm sleeping weel enough on my
own
Ignore the phone 'cuz there's nobody there worth
talking
To
And I still recall the flames while exiting the plane
Going down

Maybe I will quit playing solitaire
'Cuz I'm tired of losing to no one
Maybe I just talk when no ones there
'Cuz at least then I'm only ignoring myself
An empty shell
That I seem to know quite well
And I still recall the flames while exiting the plane
Going down
Going down
