Now baby  
Where did you go last night?  
While we were sleepin'  
I woke and you weren't by my side  
I see the weels a'turnin'  
Something just ain't right  
Well I guess I stayed away too long this time  
I guess I stayed away too long this time

Now baby  
You know I treat you like a queen  
Give you dinner, movies, and dancin'  
And every damn thing  
You said I was the greatest man  
That you'd ever seen  
Well I guess I stayed away too long this time  
I guess I stayed away too long this time.

Now baby  
Is there somthin' on your mind  
And baby  
You can run but you just can't hide  
I've searched this world all over girl  
And some day I'm gonna find  
That I guess I stayed away too long this time  
I guess I stayed away too long this time  
Oh, I guess I stayed away too long this time  
Oh, I guess I stayed away too long this time
