Sometimes I wonder how it would be
If things would have stayed just the same
Its certain that things would be different of course
But we both know its better this way
Cause theres no denying its so clear to me
That life gives us choices to make
And somehow some things
Are just destined to be
But Im certain its not a mistake
CHORUS
Just between You and me,
Both of us know there is something
Thats changed in my heart
For whats come between You and me
Has caused us to grow so much closer
not further apart
Oh, God its amazingly clear I can see
Somethings come between us
Between You and me
As I remember, I cant help but see
You knew what was best from the start
Cause there have been times
I could not see Your plan
But Ive held on trusting Your heart
REPEAT CHORUS
BRIDGE
In the midst of those times
When the world gets so crazy
And life is too much for me to bare
I can rest in the knowing
That Youre all I need to get by
Just as close as a prayer
