Heartbreak come, steals the color from my sky  
Blue and white, fade to black and gray  
Clouds collide, and tears fill up my eyes  
Storm winds steal the words I want to pray  
But deep inside of me  
There is a flame called faith  
And though tear drops fall  
There is a choice I have made  
Chorus  
I will dare to dream about tomorrow  
I will hold to hope through all of the pain  
I will never surrender to the sorrow  
No I will be a candle in the rain  
So I'll go on a light that's burning in the dark  
Reaching out to others all around  
And though lightning strikes  
And the thunder rolls  
I have no doubt God is still in control  
Repeat Chorus  
I will trust that life is more  
Than just what I see before me  
And a bright new day is up ahead  
Another chapter in the story  
Repeat Chorus
