In every life there will come a time  
When the weight of the world crashes around you  
Everyone says it will be just fine  
But they really don't know all that you've been through  
Trying hard to get through the struggle  
Knowing that tomorrow you'll find

(chorus)

This isn't all there is  
Life goes on (Goes on)  
There's so much more than this  
Life goes on (Goes on)  
So don't let the moment deceive you  
'Cause after the hurt is gone  
No Matter what you do  
Life goes on

When you are facing your darkest night  
Just remember the race isn't quite over  
Jesus has promised eternal life  
And the ones who believe will soon discover  
This is not the end of the story  
This is not the end of the line

(chorus)
