I want a chance to tame the lion  
To be a brave smile in the face of danger  
Heads will turn  
I want to bear my soul to the stranger  
Lay my head in the jaws of destruction  
And never fear  
CHORUS  
Because I know  
If they would see my faith in the Lord  
They might see His amazing grace  
Like the center ring  
In the middle of a roaring crowd  
Oh to be living, oh living Livin in the lions mouth  
I want to crack the whip of courage  
That they believe would be my challenge  
At any risk I want to please the stands of heaven  
In a silent way  
I hear the applauding  
So close the cage  
CHORUS  
BRIDGE  
To serve with the loyalty of Daniel  
You can throw me to the lions in this world  
I will lift my head in undenial and lay it on the line  
REPEAT CHORUS
