We don't need a psychic line
To tell us what is on your mind
We don't need to search for what is
Hidden in the stars
We don't need a horoscope
To bring us life to give us hope
You are God
So we just need to trust
In who You are
You sent love to live in us,
So we just need to trust
The signs and wonders of the heart
CHORUS
You light the dark
You are Truth in love
So we just need to trust
The signs and wonders of the heart
We don't need a clever scheme,
Political positioning
We don't need a guru
On the outside looking in
We don't need an alibi
To justify our place in life
You are in control,
The means will justify the end
You sent love to live in us,
So we just need to trust the signs and wonders of the
heart
REPEAT CHORUS
You sent love to live in us,
So we just need to trust
The signs and wonders of the heart
REPEAT CHORUS
