I could hold on to who I am
And never let go and find Your heart
But what would I gain
My life would be in vain
And I could head down a thousand roads
Just going my way out on my own
But I wouldn't get far
'Cause I need You more than anything
More and more than the air I breathe
I lift my hands, I lift my heart
I surrender
I'm letting go, falling into You
I surrender
You are the maker of all things
The giver of all I'll ever need
And I'm so amazed
You would live inside of me
Come and live inside of me
repeat chorus
Mold and make me with Your fire
And consume me with Your love
Until Your will is my desire
All that I have and hold on to
Surrender
All that I am I give to You
I give to You
