Walkin' up the hill tonight  
And you have closed your eyes  
I wish I didn't have to make  
All those mistakes and be wise  
But please try to be patient  
And know that I'm still learnin'  
I'm sorry that you have to see  
The strength inside me burnin'

Where are you my angel now?  
Don't you see me cryin'?  
And I know that you can't do it all  
But you can't say I'm not tryin'  
I'm on my knees in front of him  
But he doesn't seem to see me  
With all his problems on his mind  
He's looking right through me  
And I'm letting myself down  
Beside you, this fire in you  
And I wish that you could see  
I have my troubles too

Lookin' at you sleepin'  
I'm with the man I know  
I'm sittin' here weepin'  
While the hours pass so slow

And I know that in the morning  
I have to let you go  
And you'll be just a man  
Once I used to know  
But for these past few days  
Someone I don't recognize  
This isn't all my fault  
When will you realize

Lookin' at you leavin'  
I'm lookin' for a sign
