"The King And I"

The sun is rising and once again
The morning finds me on my knees
On the days horizon I gave got
An invitation to see the King
Far away from worries that weigh me down
I am taken to holy ground
To the place where mercy and love abounds
There in the midst of His throne
I know in my heart this is where I belong

CHORUS

Where the King and I go walking together
Side by side in a heavenly place
Unaware of time in the land of forever
There in His kingdom of Grace.
Forever.
Just the King and I.
