[Music:Rudolfsson, Brolycke Lyrics:Karlen]

Black destiny what's to fear.
Torn from reality leave me be.
Alone with the shadows from my past, a past wherein I
will never last.
A thick twisted voice I hear, it fills my mind with
despair.
The silent sadness overwhelms me.
Calling, tempting, die with me.
Will I ever find the strength to destroy all illusions.
Will I ever find the courage to break all the mirrors.
Oh yes, I will. Deeper and deeper into my mind I fight
desperatly for an end.
I'm torn apart, kill the sane.
Am I free, in death's name.
Chained to the lie called life a vast landscape has
poisoned me my eyes bleed,
I can not see black sight, and black is thee.
Too many years of waiting.
Too many years of hunger.
Too many years of restlessness.
This thy black destiny.
Deeper and deeper into my mind, I fight desperatly for
an end.
I'm torn apart, kill the sane.
Am I free, in death's name.
Chained to the lie called life, a vast landscape has
poisoned me.
My eyes bleed, I can not see.
Black sight, and black is thee.
Too many years of waiting.
Too many years of hunger.
Too many years of restlessness.
This thy black destiny:
Black destiny what's to fear.
Torn from reality leave me be.
Alone with the shadows from my past, a past wherein I
will never last.
A thick twisted voice I hear, it fills my mind with
despair.
The silent sadness overwhelms me.

Calling, tempting, die with me.
Too many years of waiting.
Too many years of hunger.
Too many years of restlessness.
This thy black destiny:
