Sun City - Sun City -

I

I

I ain't gonna play Sun City -

I

I

I ain't gonna play Sun City -

I

I

I ain't gonna play Sun City -

I

I

I ain't gonna play Sun City.

Relocation to phoney homelands

Seperation of families I can't understand

Twenty-three million can't vote because they're black

We're stabbing our brothers and sisters in ahe laack.

I

I

I ain't gonna play Sun City - . . .

Our government tells us we're doing all we can

Constructive engagement is Ronald Reagan's plan.

Meanwhile people are dying and giving us hope

This quiet diplomacy ain't nothing but a joke.

I

I

I ain't gonna play Sun City - . . .

It's time to accept our responsibility

Freedom is a privilege nobody rides for free.

Look around the world

baby

it cannot be denied.

Somebody tell me why we are always on the wrong

side?
I
I
I ain't gonna play Sun City - . . .

Oh is
is this a jungle?
Boputhuswana is far away

But we know it's in South Africa
no matter what they say.
You can't buy me
I don't care what you pay

Don't ask me Sun City because I ain't gonna play.
I
I
I ain't gonna play Sun City - . . .
Relocation to phoney homelands
. . .
