Still believe in me
Baby it's not for real
That we belong together

Circles in my mind
The truth it's hard to find
Do I have to search forever?

When love becomes a lie
It's time to say goodbye
When love becomes a lie
Don't waste your tears just say goodbye
When love becomes a lie
There's no more need to try
When love becomes a lie
Don't waste your tears it's time to say goodbye

Forever in my dreams
Life's not what it seems
So hard to say it's over

The way we used to live
I've got so much more to give
The fighter and the lover

When love becomes a lie
It's time to say goodbye
When love becomes a lie
Don't waste your tears just say goodbye
When love becomes a lie
There's no more need to try
When love becomes a lie
Don't waste your tears it's time to say goodbye

Now when there things go wrong
But you have to be strong
'Cause love will carry on

Don't waste your tears it's time to say goodbye
(Time to say goodbye)
