It's beyond me  
The differences in our minds  
In my head  
It's just as plain as day  
To be free  
Free of hate, peace of mind  
Exorcise  
The demons that can leave you blind  
What I want, liberate  
From the things that bring you down  
Free your self and all around  
What I see see neausiates  
Eats the life inside of me  
Kills the life inside of me  
Hatred  
Venom seeping through your veins  
Question  
Everything I know is true  
Vengence  
Downward spiral never ends  
Unity  
For what reasons, never know  
What I want, liberate  
From the things that bring you down  
Free your self and all around  
What I see see neausiates  
Eats the life inside of me  
Kills the life inside of me  
Choose sides  
Why must it be this way  
Answer  
Fear of the unknown  
Decide  
Where do you draw the line?  
Our pride  
Pride in the human race  
What I want, liberate  
From the things that bring you down  
Free your self and all around  
What I see see neausiates  
Eats the life inside of me  
Kills the life inside of me

To be free  
Overcome false boundaries  
Built to keep us far apart  
Drilled from when we were very young  
Into what we think is true  
Strength in us to push aside  
Walls in which we'll never stay  
Time for us to pool our pride  
And unify our brotherhood  
To be free
