I don't know what you think
I don't know what you want me to be
I don't know how you want me to act
I've fallen into another trap
I don't know what you want me to be
I can't change I can only be me
I won't fit into your classifications
I won't be tagged by restricting labels
I can't fit into your classifications
a nice little package for media conversation
I don't know what you want
I won't change or play a part
I don't know what you want me to be

I can't change I can only be me
I won't fit into your classifications
I won't be tagged by restricting labels
I don't know what you think
I don't know what you want me to be
I don't know how you want me to act
I've fallen into another trap
I don't know what you want me to be
I can't change I can only be me
I won't fit into your classifications
I won't be tagged by restricting labels
