We knew your reputation  
we hoped that things could be different  
but you just proved us wrong  
and now you're up to your same old tricks  
I guess we learned a lesson  
that people don't change overnight  
things will work out well  
with a little hard work it'll be alright  
How could we be so foolish  
to rush head first, without a thought  
I guess it goes to show  
if your unprepared you will be caught  
but now we've learned a lesson  
a lesson which we won't forget  
with our newfound wisdom  
things'll work out in the end  
This is the way it is  
not how things should be  
this is the way it is  
this is reality  
This is the way it is  
not how things should be  
this is the way it is  
this is reality  
You seemed so sincere  
we'd work together it'd be lot's of fun  
but all you saw was money  
it's not the issue 'til the music's done  
to you it's doing business  
to us it's doing what we love  
we'll just do our thing  
we won't give in for a buck  
This is the way it is  
not how things should be  
this is the way it is  
this is reality  
This is the way it is  
not how things should be  
this is the way it is  
this is reality  
Like a soul attaining heaven  
we must ascend to greater heights

got to make a change  
got to make a change, the time is right  
now I wish you well  
and thank you for what you've  
done for me  
to quote you "Mr. Businessman"  
there's things in life that aren't free  
This is the way it is  
not how things should be  
this is the way it is  
this is reality  
This is the way it is  
not how things should be  
this is the way it is  
this is reality
