Musica por: Paulo Carvalho
Baby, now you'll gimme what you said
Baby, now you'll gimme what you said
You promised me your body
Now I'm here I come to get
Baby, don't you even lock your door
Baby, don't you even lock your door
Tonight I'll catch what's mine
Even if must come through floor
You promised your body
You promised your mouth
You promised to suck
Like no one around
Baby, now you'll gimme what you said
You promised your body
Now I'm here I come get
Suck, suck me, suck me, baby
Suck, suck me, all night long
Tonight I'll catch what's mine
Don't you try to say I'm wrong (not wrong, baby)
