Well I've tried and I've tried and I cannot conceive.
'Coz the air that I breathe is the air that I bleed.
And I've lied and I've lied and I just can't believe,
That you went a way.
And I've danced and I've danced all upon the blue
skies.
And I've looked at the sun and I've looked at the stars.
And I still can't believe how naive, I am... yellow

I'm falling... yellow
Take my hand... yellow
I'm falling... yellow
Take my hand.

I've looked in the mirror and I've seen a pale face.
And my minds drifted back to that secret place.
Where you'd hold me and tell me the ground, wasn't
too
Far away.
And I belived all the times that you helped me come
down.
I drowned in the rain and I flew far away.
I'm still quite amazed how well, I am... Yellow.
I'm falling... yellow
Take my hand... yellow
I'm falling... yellow
Take my hand.

Yellow... I'm falling
Yellow... take my hand.
