This is the morning after the night before
I'm laying on my bed and I want more
And if you're asking me to stay with you
If you want me here I'll stay with you
Won't you let me have my way with you
Won't you ask me to lay with you
By the way I wish you would, just ask me

(2x)

By the way I wish you would, I wish you would
Come and play, I wish you could, I wish you could
By the way I wish you would, I wish you would
Be wi-i-ith me

you I want...
It's you I want...
It's you I want...
It's you I want...

This is the morning after the night before
I'm laying on my bed and I want more
And if you're asking me to stay with you
If you want me here I'll stay with you
Won't you let me have my way with you
Won't you ask me to lay with you
By the way I wish you would, just ask me

By the way I wish you would, I wish you would
Come and play, I wish you could, I wish you could
By the way I wish you would, I wish you would
Be wi-i-ith me
