Death and blood...  
Blood and death...  
Death and blood...  
Blood and death...

Black steel is sacred, your faith it is not: how can you  
believe in the lie?  
A doctrine all built on the slaughter of millions by fire  
and sword christianized  
Through centuries of torture you twisted the truth, the  
mother of all you have raped  
The laws of your god, sacrilege against nature, abolish  
your rules and your state  
Exterminate!

Bloodshed! Anointed by bloodshed  
Bloodshed! Death to lies  
Bloodshed! Anointed by bloodshed  
Bloodshed! Your plague dies

Death: the beginning of a new society without the  
threat of the cross  
A new hope for all of the lost souls in search for the  
road to your paradise lost  
You don't need a heaven, you don't need a purgatory:  
why waste your life on false guilt?  
We all may be sinners - If sinners we are, with joy and  
with lust we will win  
Come let us sin!

Bloodshed! Anointed by bloodshed  
Bloodshed! Death to lies  
Bloodshed! Anointed by bloodshed  
Bloodshed! Your plague dies

Death and blood...  
Blood and death...

Bloodshed! Anointed by bloodshed  
Bloodshed! Death to lies  
Bloodshed! Anointed by bloodshed  
Bloodshed! Your plague dies
