Welcome to your nightmare fools, I am your god
insane

Now dance my toys like puppets that are hanging on a
string

I am the answer to your prayers, the lord you love so
deep

I am the fear in man, I feast upon the souls of sheep

I created heaven then I gave you Hell

Don't care about your pleas as long as you fools serve
me well

I gave you pain but you won't see that my love is a lie

I rule in heaven while you long in vain for paradise

I have come for you again, I have come for you again

I am the truth you won't believe

I am the conqueror, come and worship me

I am the way to misery

I am the conqueror, come and worship me

Welcome to your nightmare fools, I am your god
insane

Now dance my toys like puppets that are hanging on a
string

I am the answer to your prayers, the lord you love so
deep

I am the fear in man, I feast upon the souls of sheep

I created heaven then I gave you Hell

Don't care about your pleas as long as you fools serve
me well

I gave you pain but you won't see that my love is a lie

I rule in heaven while you long in vain for paradise

I have come for you again, I have come for you again

I am the truth you won't believe

I am the conqueror, come and worship me

I am the way to misery

I am the conqueror, come and worship me

Come and worship me! You fools

Come and worship me! You're doomed

Come and worship me! My prey

Come and worship me!

I have come for you again, I have come for you again

I am the truth you won't believe

I am the conqueror, come and worship me

I am the way to misery

I am the conqueror, come and worship me

I am the way to misery

I am the conqueror, come and worship me
