Beneath the surface of the dust below the sands
Lies the horror of the ancient ones
Doom of gods and man
In scriptures veild forbidden lurks the evil incantation
To resurrect the sleeping gods of timeless devastation

Awake the nameless ones - invoke the nameless

These dreams brought me here
God I don't know what I have done
I've followed to the voices in my head
They're never gone
There is nothing I can do
The urge to act is far too strong
I speak aloud the invocation of the nameless ones

No - the shadows
Don't you follow to the call
Don't you break the seal of sorrows or the nightmare
will befall
Once the creatures have awoken there can be no
turning back
They'll bring destruction 'til there's nothing left but
black

Back with vengeance
This time it's victory
Our power is immortal
Your downfall is complete
Absolute annihilation
Perferct genocide
A war to end all wars
Armageddon now is nigh

Your magic
It is worth nothing in compare
Imprisomment is past now
Your future is despair
You can run for sure
You can not hide
Defy but not defend
The end of life

Our reign of death is finally at hand.
